Private Reserve in the Cellar

Climb the Chateau Montelena Ladder

Experience a nine-bottle vertical from Chateau Montelena Estate. This winery has been making great wines for more than 50 years and put California wines on the map in the great French challenge of 1974, as shown in the movie “Bottle Shock”. These wines are top of the line cabernet sauvignons from nine vintages, all with scores of 90 points and higher.

Special is Special

Caymus Vineyards is one of Napa Valley’s top cabernet sauvignon wine makers and one of the early cult wines. In the best years, they offer a very limited supply of “Special Selection,” a bottling of the best barrels. This package is unique in that you will get to compare the “regular offering” to the “Special Selection” from the same vintage. Three separate packages, three great vintages, six great wines. Be an aggressive bidder and win all of them.

Win your Clio Now

Secure this six-bottle vertical of a rare, hard to find and renowned Spanish wine before it disappears. Clio, a blend of Cabernet Sauvignon and Monastrell, is a refined, robust wine that has the structure to cellar for eight to ten years, if you can resist its temptation.
